Mr David
eBusiness Director @
92 Caplan Ave Suite 206
Barrie, ON, L4M 0Z7

Respected Mr David

I am second year student of computer Programmer at Georgian college. I read your Co-op job posting for **Web Designer / Project Coordinator**. This would give me the opportunity to further utilize and develop my skills from previous experience and current academic knowledge.

During the past six years, I have been studying, working and developing my skills in the area of web programming as the offered position requires. Study of web development has given me ability to achieve highly creative skills with use of web development tools. Before, join in Georgian college, I was working in the IT industry as a software engineer. In addition, Studies at Georgian College has enabled me to include more creative web development skills into my study Arena. Hence in retrospect, I have demonstrated the ability to grasp existing Computer techniques as well as imaginatively brainstorm and implement innovative ideas competently. Moreover, I have natural ability for working with groups and take pride being a team player.

My resume is enclosed, which will give you more supportive information about my eligibility. I would be privileged if the opportunity given to discuss my qualifications with you. Please contact me at your convenience.

Sincerely
Bhaumik Patel
